In The Matter of 1998 Biennial
Regulatory Review Amendment of part 97
of the Commission's, Amateur Service
Rules FCC WT Docket 98-143

My husband and I both would
like to see the General Code at 5
word per minute. It would help in
getting more Hams into Ham
Raids, our voice is small but it
would help to Request more people
into Ham. A lot are going Compotures
That is not our option. I am in
the process of upgrading to General.
I know it will be a problem on 13
word per min. As I already have
5 word Code. Computer questions on General test
is not for me. Lena Hamming
